Description:

Herman Jackson has chosen St. Paul as his place of permanent exile from Detroit, where his former life as a bookie got too hot to hold. Now he leads a respectable, low-profile life as a bail bondsman, selling second chances to losers and looking over his shoulder. When a young woman named Amy Cox leaves Jackson a priceless antique violin as security for her brothers bail bond, its really the beginning of an elaborate con game. But the game is barely underway when she is brutally murdered in front of Jacksons office. And for reasons that make no sense, the police are

calling him the prime suspect. That is, unless he gives them the violin as evidence. With his criminal past, Jackson can't afford to be a prime suspect for jaywalking. But neither is he prepared to give in to extortion. Soon he is on the road and on the run, trying to solve Amy Cox's murder, pursued by one real and one crooked cop, a band of urban Gypsies who claim to have first rights to the violin, and an unknown killer who also wants Jackson dead. Nobody is who he claims to be, nothing is what it seems, and the violin, which is reputed to carry a 400-year-old curse, begins to take on a life of its own. While Jackson tries to sort it all out, the killing continues, and suddenly his old life back in Detroit doesn't look so dangerous at all.

Fiddle Game by Richard A. Thompson is a debut novel, but Thompson writes like an old pro. His protagonist, Herman Jackson, has been in the bail bonds business a long time, long enough to have seen it all. Or, nearly all, as he is flummoxed by a Gypsy woman trying to pay for her brother's bond with an antique violin. Even as Jackson suspects he's the victim of a con, he goes along with the proposal, hoping to work a few angles of his own. But although Jackson is an extremely savvy player, nobody has been running cons longer than the Gypsies. In fact, the mystery and intrigue of the violin goes back fifty years, to World War II Europe. Herman Jackson is only 43, but seems older, not so much old-fashioned as old-school. And I mean that in the best sense of the word. Jackson has a sense of justice, a knowledge of the right way to do things, a low-key manner, and a healthy amount of chivalry that gets him into trouble as much as it endears him to the reader. Jackson is soon on the run from both the Gypsies and the law, which brings me to my only quibble about this fine novel. Jackson's allies in St. Paul---Agnes, Wide Track Wilke, and the Prof---are so wonderful that I wanted to see more of them, and was a bit sorry when Herman Jackson's adventures took him away from St. Paul, to Skokie, Illinois, home of the largest community of Gypsies in North America. I just hope that these fun minor characters appear in a sequel!

Fiddle Game (Herman Jackson Series) in Mystery, Thriller and Suspense pdf books

Fiddle Game (Herman Jackson Series)

Don't waste your time sketching when you could be playing. Models used in conservation biology Fiddle from those that Series) game heuristic to some that are highly predictive. "A first-class debut.
